Turtle Nesting Nov-Mar

Turtle Hatchlings Jan-Apr

Journey to the Southern Great Barrier Reef during turtle season for an experience like no other!

From November to March every year, the region comes alive with the magical presence of nesting and hatching turtles. Lady Elliot Island is the perfect place to witness this incredible phenomenon, all while enjoying low-key eco resort facilities that blend seamlessly with its untouched environment. We encourage you to join nightly presentations and ranger walks that are led by expert marine biologists (tide dependent), offering you an unparalleled opportunity to learn and connect with nature. As you immerse yourself in this eco-friendly paradise, you'll not only feel inspired by the beauty of nature but also empowered to become an eco-warrior.
